To whom it may concern:

It's my absolute pleasure to recommend Hector Pizarro to your team or organization. Hector and I worked together for 3 years, while I was the Co-Founder and CTO at HYP3R Inc.

I thoroughly enjoyed my time collaborating with Hector, and came to know him as a truly valuable asset to absolutely any team. He is dependable, detail-oriented, and incredibly hard-working. Beyond that, his tireless commitment is what made HYP3R possible. He took over the development of our platform web component from the ground up.

His methodical approach and relentless coding pace were a huge advantage to our product group. He led the architecture and development of our Web app since its inception and achieve a remarkable launch. Furthermore, he became an invaluable resource as the lead engineer continually improving our app through multiple iterations and managing up to 3 engineers through his tenure.

Along with him undeniable talent, Hector has always been an absolute joy to work with. He is a true team player and such an inspiring individual that always drives a positive company culture and brings the best out of everyone in the organization.

I confidently recommend Hector to join your team. I know that he will be a beneficial addition to your organization at any level.

Please feel free to contact me at 305-342-0532 or omar@hyp3r.com should you like to discuss Hector's qualifications and experience further. I'd be happy to expand on my recommendation.

Best wishes,

Omar Ramos
Co-Founder
HYP3R Inc
